**Program Description**

Grants support LEAs in the development of community-wide approaches to creating safe and drug-free schools and promoting healthy childhood development. **Types of Projects**

To be funded, local comprehensive strategies must address the following six elements but may address other elements as well, as determined by the needs of the community:

- Provide a safe school environment;
- Offer alcohol-, other drug-, and violence-prevention activities and early intervention for troubled students;
- Offer school and community mental health preventive and treatment intervention programs;
- Offer early childhood psychosocial and emotional developmental programs;
